## Welcome

# We help our clients achieve their goals.

At Globexia, a company registered under the Federal Republic of Nigeria with RC Number 1453264 and export licence number 0003263, we strive to always deliver nothing short of the best quality of service.

Our core values and beliefs in building great personal, professional, and supply relationships with international trading companies all over the world, has guided us towards building a truly global company that guarantees the consistent delivery of high-quality goods to people who need them all over the world.

Our global trade expertise enables us to execute oil and non-oil commodity exports at the best quality and price for every qualified buyer. We ensure our transactions are not just safe for both our clients and our organisation but will help us build and sustain very long-term rewarding relationships with our clients and partners.

Success always comes down to two things: dedication and effort. And we at Globexia, are experts at both.

## A Little About Us

Sourcing commodities from trusted exporters in Africa can sometimes be hard. But even worse, is finding a company that doesn't just guarantee a quality standard and sticks to it, but that also has the same values and beliefs that you do as a company.

At Globexia, we believe that doing the right thing, respecting the customer's views, and building a great relationship comes first, and so, we strive to prioritize these core values over everything else.

We're neither the cheapest nor the most expensive exporters in Africa, but we're competitive, and above all else, believe in building strategic long term relationships with clients that understand the value of what we have to offer and that believe in the reasonable mutual growth of both organizations.

We don't just sell commodities. We sell an experience. A satisfactory one. And will strive to do this over and over again with the clients that choose to build a great future for both their companies and ours.

Globexia works across all types of industries, with all kinds of clients.

We have one core purpose: to help your business succeed. And we do this by offering expert global trade services including commodity exports, imports, due diligence checks, and consulting.

With a strong client focus and providing more than simply just an export business, we strive to give independent expert advice, services, and facilitate the supply of commodities to 54+ ports around the world based on established and trusted methodologies, as well as communicating facts to our customers.

# Our Company's Success Cannot Be Separated From The Professionalism Of The Team

The management team of Globexia directs the affairs of the company and is committed to sound principles of corporate governance. They bring a proven track record of success across a broad range of experiences in the oil and gas sector, agriculture, mineral sector, legal, finance, and above all, a complete understanding of the needs of the international trade industry.

*“ The strength of the team is each individual member. The strength of each member is the team.”*

- Phil Jackson
